Mission Statement

Our mission is to give all our learners the best possible educational, cultural and homestay experience no matter how short or long the stay. We seek to recruit and train the best staff and to locate the highest quality homestay providers. We aim to create a caring, open, relaxed and tolerant learning environment in which children and adults can reach their individual learning goals and develop an awareness and understanding of cultures other than their own. We furthermore aim to develop a collegiate atmosphere where colleagues are constantly challenged and supported to develop their skills and are given regular opportunities to share their knowledge and experience with colleagues.

Our Aims

- To provide an excellent education to students of all backgrounds.
- To provide a safe learning environment where students can live and learn.
- To provide the best facilities and resources possible.
- To provide students with opportunities to enjoy the rich cultural and social benefits of staying in London.
- To encourage staff and students to value the international College community.
- To recruit, support and develop quality staff who are committed to promoting the values and aims of the College.

Curriculum Policy

At Purley Language College all of our students come from outside the United Kingdom and the curriculum is tailored to reflect the needs and aspirations of overseas students.

Aims

The main aims of the curriculum are as follows:

- It should encourage students to pursue academic excellence and achieve their full potential.
- It should be well-planned, coherent and demanding, catering wherever possible for the needs of individual students.
- It will exploit the international classroom dynamic to create communicative lessons.
- On short courses it will focus on activation of previous language learning and not on acquiring significant new areas of lexis or grammar.
- Cultural visits, 'speaking club' and hands-on learning-by-doing activities will take place instead of classroom-based lessons where appropriate and possible.
- It should encourage students to take up opportunities to study independently.
- It should recognise diversity and encourage respect for the cultures and religions of others.
- It should be supported by regular mini-tutorials and study reviews.
- It should be enriched by a range of social activities.
- It should be carried out with due regard to the College's policies.

Bullying and Harassment Policy

Purley Language College is committed to providing a supportive, caring and safe environment where any incident of bullying or harassment is not acceptable and will not be tolerated. Anyone experiencing bullying is encouraged to report it. Any such allegations will be taken very seriously, investigated and addressed. No member of the College community should tolerate bullying.

Many of the College's students are young and away from home and may be vulnerable to bullying by their peers. Whilst bullying has not been a significant problem for the College in the past, the College aims to ensure that bullying remains rare. Students and staff are encouraged to report any incidents of abuse or bullying.

Bullying and harassment can take many forms and may take place between pupils, between pupils and staff, or between staff; by individuals or groups; face-to-face or indirectly.

An awareness of the following types of bullying is necessary:

- Physical (e.g. pushing)
- Extortion (e.g. demanding payment in money or goods)
- Gesture (e.g. threatening hand gestures)
- Exclusion (e.g. not allowing another to be part of a group or activity)

- Verbal (e.g. Insults or spreading malicious rumours)
- Cyber bullying (where technology is used as a means of verbal and emotional bullying e.g. text messaging, social networks)

Procedure

- A written record of the Bullying Incident should be made by the member of staff receiving the allegation as soon as possible. If the alleged victim reports the incident by themselves, they should be reassured that they are being listened to and supported.
- The Incident should be reported to the Welfare Officer or Director as soon as possible.
- The victim and alleged bully should be interviewed separately and a written record made. Interviews with students who witnessed the alleged incident(s) might also be necessary at this stage.
- Consideration will be given as to whether a session involving an appropriate member of staff, victim and bully would be appropriate and productive.
- In the case of actual bullying appropriate disciplinary action will be carried out and recorded.
- The causes of bullying should be considered from the perspective of both the victim and the bully in order to establish how to avoid repetition of the initial incident.

Policy and Control Measures on Anti-“Radicalisation” – Prevent Legislation

The College has in place several control measures for helping reduce the extremely remote possibility of learners being “radicalised” to join groups or encourage others to join groups that use violence and other extreme, illegal means to achieve political or ideological goals.

The College considers such “radicalisation” to be a very serious form of bullying for which the school has a zero tolerance policy. Students risk being expelled and reported to the police if there are grounds to suspect they have attempted to “radicalise” others.

College team members are trained to be on the lookout for any signs that students are being influenced against their better judgment and to report this to a senior manager immediately. This includes influence from online sources, insofar as the College is able.

Computer checks

The College regularly checks computer use to ensure internet filters are active and is alerted if there is any attempt to visit websites that condone violence or contain any sort of degrading or inappropriate content.

Senior management will investigate any suspect activity and decide what if any action should be taken. This may involve conversations with those suspected of involvement, review of internet logs and in more in serious instances the police may be involved at an early stage.

The College tries above all to foster an environment which is open, caring and tolerant and where there is respect for one another’s views and beliefs.

Purley Language College recognises that there is a statutory duty under the NI Act 1998, to implement an equal opportunities policy. This policy applies to applicants for employment, volunteers, students and homestay families.

Purley Language College is committed to the principles and practice of Equality.

Equality commitments

We are committed to:

- Incorporate an awareness of equal opportunities into general communications practices (e.g. staff meetings, inductions, activities etc).

Disability Policy

Purley Language College accepts that in many countries special educational needs may not be recognised in the same way they are in the United Kingdom. However, the College asks for all students to declare any special needs, learning difficulties and disabilities as part of their application. In all cases the College aims to provide every assistance to students with special needs and disabilities.

The College considers all declared special needs, learning difficulties and disabilities on a case by case basis through discussions between the student (and guardian in the case of U18's), the Welfare Officer, the relevant tutor(s) and the Directors. The College reserves the right to assess the needs of each student and make a judgement about the ability of the College to meet those needs.

Purley Language College has developed substantially over time. While every effort is made to adapt and modernize facilities, it is not hard to conclude that a student with impaired mobility might be put at a disadvantage, and find access to some College facilities difficult. This situation could

not be reasonably improved without making major alterations to physical features of the College at prohibitive cost.

The College will always aim to meet the needs of any student with special needs. However, in instances where a student's special needs are not declared as part of the application or the College feels that it is unable to adequately cater for a student's needs, it reserves the right to refuse admission.

Disciplinary Policy

Students of Purley Language College should:

- Act honestly and treat all members of the College community and the public with respect.
- Arrive punctually and correctly equipped for each lesson.
- Listen carefully and use their time in class appropriately and effectively.
- Do not disturb teaching, or the learning of others.
- Take responsibility for their own safety and that of others.
- Behave calmly and sensibly when moving around College, when waiting for lessons and when not directly supervised.
- Take care of the College environment, ensuring that everybody's property is respected and safeguarded.
- Be aware of the College Rules.

The College Rules are set by the Directors and are outlined in the student handbook. The College Rules are designed for:

- the safety and well-being of everyone at the College
- the reputation of the everyone at the College
- the protection of College property and the wider environment

The College Rules apply to all age groups and at all times when the pupil is at College, representing the College or could be identified as a member of the College for instance when travelling to and from the premises

Disciplinary action

Expulsion

A student may be expelled for a serious breach of College rules, a serious criminal offence or some deliberate action designed to cause damage to the property or reputation of students, staff or a homestay family. Upon expulsion all outstanding fees shall be payable and no refund will be given. The Directors are required to act fairly and will not to expel a student other than in grave

circumstances. Should a student be expelled from the college the responsibility for the students return (e.g. flights and accommodation) will lie with the individual student or the student's parents in the case of under 18's. If a student is expelled they will also be expelled from their Homestay family. All cases will be treated individually and the conditions of expulsion are up to the discretion of the Directors.

Suspension

A student may be placed under suspension for a period of time decided by the Directors while a complaint is investigated or as a disciplinary action in its own right. In the case of under 18's the student may still be required to attend the College, but not be allowed into class or on activities. All cases will be treated individually and the conditions of suspension are up to the discretion of the Directors.

Other Disciplinary actions

The Directors may decide the use of other actions which comply with good educational practice and promote compliance with the College Rules e.g. denial of access to certain activities, privileges or rewards. A parent or student who is dissatisfied with any disciplinary action may request a copy of the College Complaints procedure

Safeguarding Policy

The Government has defined the term 'safeguarding children' as:

'The process of protecting children from abuse or neglect, preventing impairment of their health and development, and ensuring they are growing up in circumstances consistent with the provision of safe and effective care that enables children to have optimum life chances and enter adulthood successfully.'

Safeguarding practices are most commonly applied to children under the age of eighteen. Key aspects of legislation have recently been extended to include similar standards of protection to 'vulnerable adults'. A vulnerable adult is defined as a person aged eighteen or over, who has either a dependency upon others in the performance of, or a requirement for assistance in the performance of basic functions; a severe impairment in the ability to communicate with others; or has a reduced ability to protect themselves from assault, abuse or neglect. This can be as a result of a learning or physical disability (not normally to include dyslexia); a physical or mental illness chronic or otherwise (including an addiction to alcohol or drugs); or a reduction in physical or mental capacity.

Purley Language College considers all its students, including adult students, to be vulnerable since they may lack linguistic skills and cultural knowledge, they are likely to be far from the support of family and friends and may be inadequately prepared for life in the UK.

Purley Language College is therefore committed to providing a safe and secure environment for all students, as well as staff and individual visitors who access its facilities and services.

The College recognises its particular responsibility to safeguard the well-being of children engaged in College's activities by ensuring that there are appropriate arrangements in place to provide a safe and secure environment and to deal with issues concerned with suspected or reported abuse. The College seeks to ensure that its policy and procedures comply with statutory duties, reflects guidance and good practice in safeguarding children and vulnerable adults, and that safeguarding arrangements are proportionate and based upon common sense.

The College recognises that it has a duty to help staff and students recognise their responsibilities (through guidance, support and training), minimise risk and avoid situations (where possible) where abuse or neglect might be alleged. Given the nature of the service provided by the College, staff are advised to consider how an action may be misperceived by people from different cultural backgrounds.

Safeguarding structure and responsibilities

The College has in place an organisational structure (detailed below) for safeguarding children and vulnerable adults. Staff working in direct contact with children and vulnerable adults on a day-to-day basis may come across signs of harm and/or abuse. Staff need to ensure that concerns for the wellbeing of a child or vulnerable adult are reported to the Welfare Officer or Director as quickly as possible who will invoke the appropriate procedures to protect the child or vulnerable adult, involving Social Services and/or the Police as appropriate. The Director has overall accountability for safeguarding children and vulnerable adults at the College.

Control measures

Purley Language College takes a risk management approach to safeguarding children and vulnerable adults.

- The College obtains enhanced CRB disclosures for all staff.
- In organising teaching, activities and delivery of student services, the College carries out risk assessments, and makes reasonable, proportionate changes where required.
- The College reserves the right to refuse to admit a child or vulnerable adult to a programme of study, or other activities, if it judges that the procedures necessary to safeguard that individual's well-being go beyond what is reasonable and proportionate.
- If a criminal conviction is disclosed which indicates that a student may be a risk to children or vulnerable adults the College reserves the right to refuse admission.
- The College reserves the right, in accordance with its employment procedures, to suspend and/or dismiss staff members from employment or from undertaking a specific role with respect to that employment. This may be in circumstances where the individual acquires or extends a relevant criminal record, or where they have withheld information about their criminal record at the point of employment. Where an allegation of inappropriate behaviour, abuse or neglect is made against a member of staff (occurring in the course of their work), the College, will carry out a full investigation into the circumstances before any action is taken. It may be necessary to suspend the individual for their own protection until this is concluded.
- All College staff are advised to minimise physical contact with students, except for reasons of health and safety, or where physical contact may be a necessary part of learning. Staff are also advised to avoid being alone with a child outside of a one to one lesson.
- All College staff are reminded of the offence of abuse of positions of trust under Sections 16 to 19 of the Sexual Offences Act 2003, which makes it an offence for a person aged 18 or over to intentionally behave in certain sexual ways in relation to a child aged under 18, where the person aged 18 or over is in a position of trust defined as:

'looking after a child aged under 18 who is receiving education at an educational institution and the child aged under 18 is receiving, and person aged 18 or over is not receiving, education at that institution.'
